Overview

Dr. Kumar Gubbala is a highly skilled Gynaecological Oncologist based in Chennai, Tamil Nadu, with over 7 years of dedicated experience in the field. He has earned his qualifications of MBBS and MRCOG, equipping him with a comprehensive understanding of both general and specialized medical practices, particularly in the intricacies of gynaecological health. Dr. Gubbala is committed to providing compassionate and personalized care to his patients, ensuring they receive the most appropriate treatments for their conditions.

As a male doctor, he understands the unique challenges women face regarding gynaecological cancers and strives to create a supportive environment for his patients. Fluent in both English and Telugu, Dr. Gubbala is adept at communicating effectively with a diverse array of patients, ensuring that they feel comfortable and well-informed throughout their treatment journeys.

Affiliated with Apollo Hospitals, Dr. Gubbala adheres to the highest standards of medical excellence and is dedicated to ongoing education and advancement in his specialty. He remains abreast of the latest research and treatment methodologies, which enriches his practice and enhances patient outcomes.

Whether it's through routine check-ups or complex surgical interventions, Dr. Kumar Gubbala is a reliable partner in women's health, focusing on proactive management and innovative therapies to combat

gynaecological cancers. He welcomes patients to consult him for their gynaecological health needs, promising a thorough, attentive, and humane approach to care.
