Overview

Dr. Ramdip Ray is a highly esteemed Liver Transplant Specialist based in Kolkata, West Bengal, with an impressive 24 years of experience in the field. He holds multiple qualifications, including MBBS, MS, and MRCS (England), along with specialized fellowships in Liver Transplant and Hepato Pancreato Biliary (HPB) Oncosurgery. Dr. Ray has further refined his surgical expertise through honorary training in Upper Gastrointestinal (GI) and Laparoscopic Surgery in the UK, thereby enhancing his capabilities in managing complex surgical cases.

In his distinguished career, Dr. Ray has held significant positions such as the Head of the Division of Liver Transplant & HPB Surgery at the Institute of Gastrosiences & Liver Transplant. He is a recognized member of several prestigious associations, including the Royal College of Surgeons of England, the International Hepato Pancreato Biliary Association (IHPBA - India), and the Association of Surgeons of India (West Bengal Chapter). His contributions to the field are further underscored by his involvement as a founding member of the Liver Transplant Society of India (LTSI).

Dr. Ray has successfully performed liver transplants on patients from over 20 different countries, showcasing his global reach and trust as a leading expert in liver transplantation. He possesses special expertise in both adult and pediatric transplants, as well as surgical operations for cancers affecting the

liver, gallbladder, bile duct, and pancreas, alongside other gastrointestinal procedures.

Fluent in English, Hindi, and Bengali, Dr. Ray caters to a diverse patient demographic, ensuring that language is not a barrier to receiving world-class medical care. With his extensive training and dedication to the advancement of surgical techniques in liver transplantation, Dr. Ramdip Ray stands out as a top choice for those seeking specialized care in hepatobiliary surgery.
