Clinical and Endoscopy Experience

Have seen 32000 new Gastroenterology patients in OPD in last approximately 20 years since my return to India in 1996 with a detailed data base of all these patients. This includes patients not only from India but also a good number of International patients. Average number of new and follow up patients seen in clinic have been approximately 400 to 500 per month.

Have looked after various Gastrointestinal Emergencies referred to tertiary care centre including GI bleeds, Acute Pancreatitis and Hepatic encephalopathy etc. Have been routinely involved in care of Gastro-intestinal and Hepatology indoor patients.

Have been actively involved in Liver Transplant Program.

Have rich experience in both diagnostic and therapeutic UGI Endoscopy, Colonoscopy, ERCP, etc. I have been performing approximately 1500-2000 diagnostic and therapeutic Endoscopy procedures per year. I have also been trained for Fibroscan of liver. I have been Department and Endoscopy Coordinator for many years.
