Overview

Dr. Kriti Menon is a dedicated Genetic Counseling Specialist at Apollo Hospitals Indraprastha, Delhi, with seven years of extensive experience in the field. She holds a B.Tech in Genetic Engineering and a Postgraduate Diploma in Psychological Counseling (PGDPC), complemented by her certification as a BGCI Level II Genetic Counselor. Dr. Menon's advanced expertise enables her to provide comprehensive genetic assessments, risk evaluations, and personalized counseling for patients and families navigating genetic conditions.

Her proficiency encompasses a range of specific procedures, including prenatal genetic testing, hereditary cancer risk assessment, and genetic testing for rare diseases. Dr. Menon is actively involved in research initiatives aimed at advancing genetic counseling practices and has contributed to numerous academic discussions and medical conferences, sharing her insights on innovative treatments and the latest advancements in genetics.

Committed to patient-centered care, Dr. Menon prioritizes the needs and concerns of her patients, ensuring they receive compassionate support throughout their genetic counseling journey. Fluent in English, Hindi, and Malayalam, she effectively communicates with a diverse patient population, fostering an inclusive environment that enhances understanding and trust. Dr. Menon's dedication to medical excellence and innovative care continues to make a significant impact in the lives of her patients.
