Overview

Dr. Dhruv B. Patel is a distinguished Urology Specialist at Apollo Hospitals in Gandhinagar, Ahmedabad, with over 12 years of dedicated experience in the field. He holds an MBBS, an MS, and a DrNB in Urology from the prestigious IKDRC in Ahmedabad, equipping him with advanced expertise in diagnosing and treating a wide range of urological conditions. His proficiency encompasses minimally invasive surgeries, robotic-assisted procedures, and the management of complex urological disorders. Dr. Patel is deeply committed to patient-centered care, ensuring that each patient receives personalized treatment tailored to their unique needs. He is passionate about innovative treatments and continuously seeks to enhance his skills through ongoing education and research. His involvement in academic discussions and medical conferences reflects his dedication to staying at the forefront of urological advancements, contributing to the broader medical community. Fluent in English, Hindi, and Gujarati, Dr. Patel effectively communicates with a diverse patient population, fostering a comfortable and supportive environment for all. His unwavering commitment to medical excellence and compassionate care makes him a trusted choice for patients seeking urological expertise.

Experience

- Performed over 100 living donor retroperitoneoscopic nephrectomies and 50 open renal transplants independently.
- Skilled in multi-organ procurement surgeries (kidney and liver) from brain-dead donors.
- Experienced in complex uro-oncological surgeries (radical nephrectomy, cystectomy, partial nephrectomy, IVC thrombectomy).
- Proficient in endourological and reconstructive surgeries, including PCNL, TURP, and urethroplasties.
- Comprehensive exposure to pediatric and laparoscopic urological surgeries.
- Trained surgical trainees in laparoscopic and transplant techniques at a high-volume referral center.
- Good Clinical Practice, July 2019
- The Virtual Urology Masterclass by Department of Urology, Christian Medical College, Vellore, June 2021
- Good Clinical Practice, October 2021
