Overview

Dr. Prashant C. Dheerendra is a highly esteemed nephrologist based in Bangalore, with an impressive 19 years of experience in the field of kidney health and management. His extensive educational background includes an MBBS, MD, and DM, complemented by a fellowship from the International Society of Nephrology. This rigorous training has equipped him with a profound understanding of nephrology, enabling him to provide exceptional care to his patients. Dr. Dheerendra is currently associated with Apollo Hospitals Bannerghatta Road, where he is committed to delivering comprehensive and compassionate care to individuals facing kidney-related issues. Throughout his career, Dr. Dheerendra has focused on a wide range of clinical areas within nephrology, including chronic kidney disease, hypertension, and renal replacement therapy. His approach to patient care is characterized by a deep commitment to understanding each patient's unique needs and circumstances. He believes in fostering a collaborative environment where patients feel empowered to participate in their treatment plans. By combining his extensive knowledge with a compassionate demeanor, Dr. Dheerendra ensures that his patients receive not only the best medical care but also the emotional support they need during challenging times. At Apollo Hospitals Bannerghatta Road, Dr. Dheerendra is part of a multidisciplinary team dedicated to advancing kidney health through innovative treatments and patient education. His affiliation with this

prestigious institution allows him to leverage state-of-the-art technology and resources, ensuring that his patients benefit from the latest advancements in nephrology. Dr. Dheerendra's unwavering dedication to excellence in patient care, combined with his vast experience and specialized training, makes him a trusted partner in the journey toward better kidney health.
