Overview

Dr. Ari Chacko is a highly esteemed neurosurgeon with over 30 years of dedicated experience in the field of neurosurgery. Based in Chennai, he has built a reputation for excellence and compassion in patient care. Dr. Chacko completed his M.Ch in Neurosurgery from the prestigious Christian Medical College (CMC) Vellore, a testament to his commitment to academic rigor and clinical expertise. His extensive training and experience have equipped him with a profound understanding of complex neurological conditions, allowing him to provide comprehensive care to his patients. At Apollo Proton Cancer Center, Dr. Chacko is committed to advancing the field of neurosurgery through innovative techniques and a patient-centered approach. His clinical focus encompasses a wide range of neurological disorders, including brain tumors, spinal disorders, and traumatic brain injuries. Dr. Chacko believes in treating the whole person, not just the condition, and takes the time to listen to his patients' concerns, ensuring they feel supported and informed throughout their treatment journey. His warm demeanor and empathetic nature foster a trusting relationship with his patients, which is essential for effective healing. Dr. Chacko's association with Apollo Proton Cancer Center reflects his dedication to providing cutting-edge care in a state-of-the-art facility. The center is renowned for its advanced treatment options and multidisciplinary approach, aligning perfectly with Dr. Chacko's philosophy of collaborative care. He works closely with a

team of specialists to develop personalized treatment plans that cater to the unique needs of each patient. With a focus on both surgical precision and holistic care, Dr. Ari Chacko continues to make a significant impact in the lives of his patients, helping them navigate their health challenges with confidence and hope.
