Overview

Dr. Raju Pampana is a highly skilled pulmonologist with a decade of dedicated experience in the field of respiratory medicine. Based at Apollo Hospitals Kakinada, he has established himself as a trusted expert in diagnosing and treating a wide range of pulmonary conditions. Dr. Pampana's educational background includes an MBBS and an MD, equipping him with a solid foundation in medical science and specialized knowledge in respiratory health. His commitment to continuous learning and professional development ensures that he remains at the forefront of advancements in pulmonology, providing his patients with the most effective and up-to-date treatment options. In his practice, Dr. Pampana focuses on a comprehensive approach to patient care, emphasizing the importance of understanding each patient's unique health needs. He is dedicated to creating a supportive and compassionate environment where patients feel comfortable discussing their concerns. His clinical expertise encompasses various respiratory disorders, including asthma, chronic obstructive pulmonary disease (COPD), and interstitial lung diseases, among others. Dr. Pampana believes in the power of patient education and actively involves his patients in their treatment plans, empowering them to make informed decisions about their health. As a valued member of the Apollo Hospitals Kakinada team, Dr. Pampana is committed to upholding the hospital's mission of providing exceptional healthcare services. His collaborative approach with fellow healthcare professionals

ensures that patients receive comprehensive care tailored to their individual needs. With a focus on both clinical excellence and compassionate care, Dr. Raju Pampana is dedicated to improving the quality of life for his patients and helping them breathe easier.
