Overview

Dr. Sharat Kumar Das is a highly esteemed General Physician and Internal Medicine specialist with an impressive 45 years of experience in the medical field. Based in Kolkata, he has dedicated his career to providing exceptional healthcare services, focusing on a comprehensive approach to patient well-being. Dr. Das is affiliated with Apollo Multispeciality Hospitals, Kolkata, where he serves as a Senior Consultant in the Department of Medicine and Rheumatology. His extensive experience and commitment to excellence make him a trusted figure in the community, where he has positively impacted countless lives. Dr. Das's educational qualifications are a testament to his dedication to the field of medicine. He holds an MBBS degree, along with specialized qualifications including DVD, DTM & H, MD, FCCP, and FRSTM & H. This robust academic background equips him with a deep understanding of various medical conditions and the latest advancements in treatment methodologies. His areas of clinical focus encompass a wide range of internal medicine issues, with particular expertise in rheumatological disorders. Dr. Das is known for his meticulous diagnostic skills and his ability to develop personalized treatment plans that cater to the unique needs of each patient. At Apollo Multispeciality Hospitals, Dr. Das embodies a patient-centered approach to healthcare. He believes in fostering open communication with his patients, ensuring they feel heard and understood throughout their treatment journey. His warm demeanor and empathetic nature

create a comforting environment, allowing patients to discuss their concerns freely. Dr. Das is committed to not only treating illnesses but also empowering patients with knowledge about their health, promoting preventive care, and encouraging healthy lifestyle choices. His association with Apollo Multispeciality Hospitals further enhances his ability to provide comprehensive care, as he collaborates with a multidisciplinary team of specialists to ensure the best possible outcomes for his patients.
