## Overview

Dr. Sanjeev Jadhav is a highly esteemed Cardiothoracic and Vascular Surgeon with over 22 years of extensive experience in the field. Based at Apollo Hospitals, Mumbai in Navi Mumbai, Dr. Jadhav has dedicated his career to providing exceptional surgical care to patients with complex cardiovascular conditions. His educational journey is marked by a robust foundation in medicine, having earned his MBBS, followed by a Master of Surgery (MS) and a Diplomate of National Board (DNB) in General Surgery. He further specialized in Cardiothoracic and Vascular Surgery with a Master of Chirurgiae (MCh) degree, equipping him with the advanced skills necessary to tackle a wide range of surgical challenges. Dr. Jadhav's clinical focus encompasses a variety of procedures, including coronary artery bypass grafting, valve repair and replacement, and minimally invasive cardiac surgeries. His commitment to staying at the forefront of medical advancements ensures that he employs the latest techniques and technologies in his practice, which significantly enhances patient outcomes. Beyond his technical expertise, Dr. Jadhav is known for his compassionate approach to patient care. He believes in fostering a supportive environment where patients feel heard and understood, taking the time to explain their conditions and treatment options thoroughly. This patient-centered philosophy not only alleviates anxiety but also empowers individuals to make informed decisions about their health. As a vital member of the

Apollo Hospitals team, Dr. Jadhav embodies the institution's commitment to excellence in healthcare. His association with one of the leading hospitals in the region allows him to collaborate with a multidisciplinary team of specialists, ensuring comprehensive care for his patients. Dr. Jadhav's dedication to improving the quality of life for those he treats is evident in his meticulous attention to detail and unwavering support throughout the surgical journey. Patients can trust that under his care, they will receive not only expert surgical intervention but also a holistic approach to their health and well-being.
