Overview

Dr. Kshitija Rajiv Patil is a dedicated Medical Geneticist at Apollo Hospitals, Navi Mumbai, with 7 years of specialized experience in the field of genetic medicine. She holds a DM in Medical Genetics, which equips her with advanced expertise in diagnosing and managing a wide range of inherited and genetic disorders.

Dr. Patil specializes in evaluating genetic conditions across all age groups, including congenital anomalies, developmental delays, metabolic disorders, and hereditary cancer syndromes. She offers comprehensive genetic counseling, advanced diagnostic testing, and personalized management plans tailored to each patient's unique genetic profile.

Her patient-first approach focuses on empathetic communication, particularly in sensitive cases involving children or families at risk of inherited conditions. Fluent in English, Hindi, and Marathi, Dr. Patil ensures clarity and comfort throughout the diagnostic and counseling process.

In addition to her clinical work, Dr. Patil remains active in academic and research initiatives in the field of genomics and personalized medicine. Her commitment to early diagnosis, prevention, and precision care makes her a trusted expert in advancing the future of genetic healthcare.
