Overview

Dr. Shankar Ganesh is a skilled and experienced Neurosurgeon with over 15 years of expertise in managing a wide range of neurological and spinal disorders. He is currently practicing at **Apollo Speciality Hospital, Teynampet, Chennai**, where he provides advanced surgical care with a strong focus on precision, safety, and patient recovery.

Dr. Ganesh holds an **MBBS, MS**, and **MCh in Neurosurgery**, reflecting his rigorous academic training and specialization in complex brain and spine procedures. His areas of proficiency include brain tumor surgeries, spinal decompressions, disc replacements, trauma surgery, and minimally invasive neurosurgical techniques.

Fluent in **English** and **Tamil**, Dr. Ganesh communicates clearly and empathetically with patients, ensuring they are well-informed and confident throughout their treatment journey. His approach to care is rooted in patient-centered decision-making, evidence-based practice, and a commitment to long-term neurological health.

Respected for his clinical acumen and calm demeanor, **Dr. Shankar Ganesh** is a trusted name in neurosurgery, offering comprehensive and compassionate care to patients seeking high-quality neurological treatment in Chennai.
