Overview

Dr. Shaik Md Waseem Ahmed is a highly skilled Orthopaedics Specialist with over **10 years of clinical experience**, currently practicing at **Apollo Reach NSR Hospital, Warangal**. He holds an **MBBS** and **MS in Orthopaedics**, and is known for delivering comprehensive musculoskeletal care with a focus on accuracy, compassion, and patient well-being.

Dr. Waseem Ahmed specializes in the diagnosis and treatment of a wide range of orthopaedic conditions, including **fractures, joint injuries, ligament repairs, and degenerative bone diseases**. His surgical expertise includes trauma care, joint stabilization procedures, and minimally invasive orthopaedic techniques, all aimed at enhancing patient recovery and long-term mobility.

He is fluent in **English, Hindi, Telugu, and Urdu**, enabling him to communicate effectively with patients from diverse linguistic and cultural backgrounds. His patient-first approach is centered around clear communication, personalized care plans, and helping individuals return to pain-free, active lives.

In addition to his clinical work, Dr. Ahmed stays engaged with the latest advancements in orthopaedics by participating in workshops, medical seminars, and ongoing academic learning. His decade-long dedication to the field reflects in the trust he has earned from both patients and peers in Warangal and surrounding regions.
