Overview

Dr. Radhika Lotlikar is a dedicated Neurologist at Apollo Hospitals, Pune, with over 3 years of specialized experience in the field. She holds an MBBS, MD, and DM in Neurology, along with advanced international training including the European Diploma in Ischemic Stroke Intervention and a Post-Doctoral Fellowship in Stroke and Cerebrovascular Disorders. Recognized globally, she was honored as a Future Stroke Leader (2022–2024) by the World Stroke Organisation, underscoring her expertise and commitment to advancing stroke care.

Fluent in English, Hindi, and Marathi, Dr. Lotlikar ensures clear communication with patients and their families, making complex neurological conditions more understandable. She specializes in the management of stroke, cerebrovascular diseases, epilepsy, and other neurological disorders, with a strong emphasis on early intervention and prevention strategies. Her patient-first approach focuses on accurate diagnosis, individualized treatment plans, and holistic care.

At Apollo, Dr. Lotlikar integrates cutting-edge neuroimaging and interventional techniques with evidence-based medical practices to provide comprehensive neurological care. Known for her dedication to improving stroke outcomes, she actively contributes to advancing stroke management protocols and collaborates with multidisciplinary teams. With her combination of academic excellence, specialized

expertise, and compassionate care, Dr. Radhika Lotlikar is emerging as a promising leader in the field of neurology in Pune.
