Overview

Dr. Samarth Gupta is a dedicated and highly skilled Plastic and Breast Reconstructive Surgeon with extensive experience in complex breast reconstruction and aesthetic procedures. He brings a global perspective to his work, having trained at prestigious centres in the UK and Australia in advanced microsurgical breast reconstruction techniques, including the DIEP flap and implant-based methods. His clinical fellowships include stints at St. Andrew's Centre for Plastic Surgery and Burns (UK) and The Cadogan Clinic (UK), which have further refined his expertise in both reconstructive and aesthetic breast surgery. Dr. Gupta's commitment to excellence is reflected in his academic accomplishments, accolades, and active participation in national and international surgical conferences.
