Overview

Dr. Ankur Agarwal is a seasoned Interventional Cardiologist with over 18 years of medical experience, currently practicing at Apollo Hospitals, Lucknow. He holds an MBBS, MD in Medicine, and DM in Cardiology, reflecting his rigorous training and deep expertise in managing a wide range of cardiovascular conditions. His clinical focus includes both diagnostic and interventional procedures, making him well-equipped to handle everything from routine heart health checkups to complex cardiac interventions. Dr. Agarwal is known for his patient-first approach, where he emphasizes thorough evaluation, accurate diagnosis, and customized treatment plans. Fluent in both English and Hindi, he ensures clear, compassionate communication with his patients, helping them feel informed and reassured throughout their care journey. His proficiency in interventional cardiology includes procedures such as angioplasty, stenting, and catheter-based therapies that promote faster recovery and better long-term outcomes. Respected by both peers and patients, Dr. Ankur Agarwal continues to stay updated with the latest advancements in cardiology, ensuring that his practice reflects the highest standards of evidence-based care. At Apollo Hospitals, he collaborates with a multidisciplinary team to deliver holistic cardiac care. His clinical excellence, combined with a genuine dedication to improving patient health, has established him as a trusted name in the field of cardiovascular medicine.
