Overview

Prof. (Dr.) Chhitij Srivastava is a highly respected Neurosurgeon with over 26 years of extensive experience in treating complex neurological and spinal disorders. He currently practices at Apollo Hospitals, Lucknow, where he is known for delivering exceptional surgical care backed by decades of clinical expertise. His qualifications include MBBS, MS, and MCh in Neurosurgery, demonstrating a robust academic foundation and specialization in intricate neurosurgical procedures.

Dr. Srivastava has a comprehensive skill set that spans brain tumor surgeries, spinal instrumentation, trauma management, vascular neurosurgery, and minimally invasive techniques. His precision in diagnosis and surgical execution, combined with a commitment to evidence-based medicine, ensures that patients receive the most effective and advanced treatment options available. He is also recognized for mentoring young neurosurgeons and contributing to academic excellence in the field.

Fluent in English and Hindi, Dr. Srivastava communicates with empathy and clarity, helping patients and their families navigate complex health decisions with confidence. Known for his calm demeanor and patient-first approach, he provides not just treatment, but reassurance and long-term care planning. With a stellar reputation in both clinical and academic circles, Dr. Chhitij Srivastava stands out as a leader in neurosurgery, delivering world-class neurological care in Lucknow.
