## Overview

Dr. Amol Srivastava is a distinguished Interventional Radiologist with over two years of clinical experience. He has previously served at IMS – BHU Varanasi and ILBS, New Delhi. Dr. Srivastava specializes in a wide range of minimally invasive procedures, including carotid stenting, radiofrequency ablation (RFA), EVLT, microwave ablation of varicose veins, treatment of deep vein thrombosis and acute arterial thrombosis, and various embolization procedures such as bronchial, uterine, prostate, genicular, and varicocele embolization.

He is also skilled in hepatobiliary interventions like TIPS, BRTO, TACE, biliary drainage and stenting, embolization for renal, gastrointestinal, and head & neck bleeds, as well as vascular access procedures including Permcath, chemo port, and PICC line placement. Dr. Srivastava performs all types of biopsies and drainages under USG and CT guidance.

Fluent in Hindi and English, he practices at Apolomedics Superspeciality Hospitals in Lucknow and is available for consultations from Monday to Saturday, 9:00 am to 5:00 pm.
