6. How many years of experience does Dr. Neeraj Verma have?

Dr. Neeraj Verma possesses 45 years of experience in the medical field. His extensive career showcases a commitment to patient care and medical expertise.

7. Who is a dentist?

A dentist is a healthcare professional specializing in dentistry, the branch of medicine focused on the teeth, gums, and surrounding structures. Their services encompass comprehensive oral healthcare, including procedures such as fillings, extractions, teeth cleaning, polishing, and root canal therapy. Specialized areas within dentistry require advanced training.

8. What education qualifications are mandatory for a Dentist?

A Doctor of Dental Medicine (DMD) or Doctor of Dental Surgery (DDS) degree is required. This necessitates a prior four-year science bachelor's degree. Successful completion of a dental admission exam and enrollment in an accredited dental school are subsequent steps for becoming a qualified dentist.

9. Should I consult a dentist for bad breath?

Persistent bad breath, or halitosis, often stems from poor oral hygiene. However, it can sometimes indicate an underlying medical condition. A dental professional should be consulted for a proper diagnosis. A dentist will thoroughly examine your teeth and gums to identify the cause of your bad breath and recommend appropriate treatment.
