Overview

Dr. Venkatesh Rajkumar S is a highly skilled Nephrologist based in Chennai, Tamil Nadu, with a rich experience of over 10 years in the field of nephrology. He is renowned for his expertise in treating kidney-related disorders and is dedicated to providing comprehensive care to his patients. Dr. Venkatesh holds an MBBS, MD in General Medicine and a DM in Nephrology, having graduated from the prestigious Post Graduate Institute of Medical Education and Research (PGIMER) in Chandigarh. His commitment to excellence is further highlighted by his fellowship in Interventional Nephrology, where he received training at the esteemed Catholic University of Korea, Seoul St. Mary's Hospital, under the auspices of the International Society of Nephrology. Additionally, he refined his skills through specialized training at Singapore General Hospital.

As a Nephrologist, Dr. Venkatesh is proficient in a range of procedures and treatments, including but not limited to dialysis, kidney biopsies, and management of chronic kidney disease. His multilingual capabilities in English, Tamil, and Hindi enable him to connect with a diverse patient population, ensuring that each patient receives personalized care tailored to their needs.

Dr. Venkatesh Rajkumar S is committed to lifelong learning and actively engages in continuing medical education to stay updated with the latest advancements in nephrology. His dedication to the field, along

with his track record of patient satisfaction, makes him a respected and sought-after physician in the realm of nephrology. Patients can trust Dr. Venkatesh to provide not only medical excellence but also a compassionate approach to their care.
