Overview

Dr. Barnali Das is a highly esteemed paediatrician with over 24 years of dedicated experience in the field of child healthcare. Based in Guwahati, she is currently associated with Apollo Hospitals, Guwahati, where she brings her extensive knowledge and compassionate approach to the care of her young patients. Dr. Das has earned a reputation for her commitment to providing comprehensive and individualized care, ensuring that each child receives the attention and treatment they deserve. Her extensive experience allows her to handle a wide range of paediatric conditions, from routine check-ups to complex health issues, making her a trusted partner for families in the region. Dr. Das's educational qualifications are impressive and reflect her commitment to excellence in paediatric medicine. She holds an MBBS degree, followed by a Diploma in Child Health (DCH) and a Postgraduate Training (PGT) from SGRH, New Delhi. Additionally, she has achieved the prestigious MRCPCCH qualification from the United Kingdom, which underscores her expertise and dedication to staying abreast of the latest advancements in paediatric care. Her clinical focus encompasses various aspects of child health, including developmental milestones, immunizations, and management of chronic conditions, ensuring that she addresses the unique needs of each child she treats. At Apollo Hospitals, Guwahati, Dr. Barnali Das is not just a physician; she is a caring advocate for her patients and their families. Her approach to patient care is characterized by empathy,

open communication, and a strong emphasis on education. She believes in empowering parents with knowledge about their child's health, fostering a collaborative environment where families feel comfortable discussing their concerns. Dr. Das is committed to creating a nurturing atmosphere that promotes the well-being of children, making her an invaluable asset to the Apollo Hospitals team and a trusted choice for families seeking quality paediatric care in Guwahati.
