## Overview

Dr. Subodh Jain is a highly respected Neurosurgeon at Apollo Hospitals, Indore, bringing over 20 years of experience in advanced neurosurgical care. He holds an MBBS, MS in General Surgery, MCh, and DNB in Neurosurgery, demonstrating his extensive training and deep expertise in managing both routine and complex neurological conditions. His clinical proficiency spans brain and spine surgeries, neurotrauma, tumor management, vascular neurosurgery, and minimally invasive spine procedures, making him a trusted specialist for comprehensive neurological care.

Dr. Jain is known for his precision, clinical insight, and patient-focused approach, ensuring that every patient receives individualized evaluation and treatment. He is dedicated to understanding each patient's symptoms, concerns, and medical history, which helps him design effective and tailored care plans. His ability to communicate fluently in English and Hindi allows him to connect with a diverse group of patients, ensuring clarity and comfort throughout the treatment journey.

At Apollo Hospitals, Dr. Jain combines state-of-the-art technology, evidence-based practices, and collaborative expertise to deliver optimal surgical and non-surgical outcomes. He believes in educating patients and their families about neurological conditions, empowering them to make informed decisions and actively participate in their recovery. With a strong commitment to medical excellence and

compassionate care, Dr. Subodh Jain has established himself as a trusted name in neurosurgery, consistently contributing to better neurological health and improved quality of life for his patients.
