Overview

Dr. Ashish Kale is a highly experienced Obstetrician and Gynecologist at Apollo Hospitals, Pune, with over 19 years of expertise in women's health, reproductive medicine, and assisted reproductive technologies. He holds an MBBS, MD in Obstetrics & Gynecology, DNB, MNAMS, Diploma in Endopelvic Surgery, Fellowship in Embryology, and Fellowship in ART, reflecting his comprehensive training in both surgical and fertility-focused gynecological care. His practice spans high-risk pregnancies, minimally invasive gynecological surgeries, and advanced fertility treatments.

Fluent in English, Hindi, and Marathi, Dr. Kale emphasizes effective communication with patients, guiding them through complex procedures, fertility treatments, and prenatal care with clarity and empathy. His patient-centric approach ensures that women and their families feel supported, informed, and confident throughout their healthcare journey.

At Apollo, Dr. Kale employs state-of-the-art reproductive and surgical technologies to deliver personalized, evidence-based care. Known for his dedication, precision, and compassionate approach, he collaborates with multidisciplinary teams to achieve the best outcomes for his patients. Dr. Ashish Kale is recognized as a trusted gynecologist and fertility specialist in Pune, committed to enhancing women's health and supporting families through expert care.
