Overview

Dr. Meghraj Singh Patel is a highly experienced Neurology Specialist at Apollo Sage Hospitals, Bhopal, with over 11 years of dedicated expertise in diagnosing and managing complex neurological disorders. He holds an MBBS, an MD in General Medicine, and a DM in Neurology—credentials that reflect his deep academic foundation and advanced clinical training in the field of neurology.

Dr. Patel is skilled in treating a wide range of neurological conditions, including epilepsy, stroke, movement disorders, headaches and migraines, neuropathies, multiple sclerosis, and neurodegenerative diseases. His approach combines accurate diagnosis with evidence-based treatment strategies, ensuring patients receive comprehensive and personalized neurological care.

Known for his empathetic and patient-centric manner, Dr. Patel places a strong emphasis on communication and education, helping patients and their families understand their condition and treatment journey. He is fluent in English, Hindi, and Bengali, enabling him to serve a linguistically diverse patient population across Central India.

Beyond his clinical work, Dr. Patel remains actively engaged in continuous learning and academic discourse, participating in neurology forums and conferences to stay updated with the latest advancements. His unwavering dedication to improving neurological health makes him a trusted and respected figure in the medical community of Bhopal.
