## Overview

Dr. Sudesh Sharda is a highly skilled Liver Transplant Surgeon and HPB (Hepato-Pancreato-Biliary) Specialist at Apollo Hospitals, Indore, bringing over 14 years of experience in advanced surgical care. He holds an impressive academic and clinical background, including MBBS, MS (Surgery), MCLS, FIAGES, FNB (MAS), FALS (Colorectal Surgery), and a Fellowship in Liver Transplant, showcasing his rigorous training and expertise in complex abdominal, gastrointestinal, and hepatobiliary surgeries. His proficiency extends across liver transplantation, pancreatic surgeries, biliary tract disorders, colorectal procedures, and minimally invasive surgical techniques.

Dr. Sharda is widely recognized for his precision, surgical excellence, and compassionate patient care. His extensive experience with both routine and highly complex HPB conditions allows him to deliver accurate diagnoses and tailor treatment plans that prioritize safety, long-term outcomes, and patient comfort. Fluent in English and Hindi, he communicates effectively with patients and families, ensuring they clearly understand their condition, treatment options, and postoperative expectations.

Dedicated to a holistic and patient-centered approach, Dr. Sharda focuses on building trust through empathy, transparency, and education. He actively engages patients in their care journey, empowering them to make informed decisions. At Apollo Hospitals, he works collaboratively with multidisciplinary

teams—including gastroenterologists, intensivists, oncologists, and radiologists—to provide seamless and comprehensive care. Through his commitment to medical excellence and continued learning, Dr. Sudesh Sharda has earned a reputation as a dependable and highly respected specialist in liver transplant and HPB surgery, positively impacting countless lives.
