## Overview

Dr. Amit Singh Barpha is a skilled Liver Transplant Specialist at Apollo Hospitals, Indore, with over six years of experience in the field of hepatology and liver care. He holds an MD in Medicine, a DM in Hepatology from CMC Vellore, and an MRCP in Gastroenterology from London, reflecting his advanced training and expertise in managing complex liver conditions.

Dr. Barpha specializes in the medical management of liver diseases, pre- and post-liver transplant care, and advanced hepatology treatments. His proficiency covers a wide spectrum of liver-related conditions, ensuring holistic and evidence-based care for patients requiring specialized attention.

With a strong focus on patient-centered treatment, Dr. Barpha emphasizes personalized care plans, guiding patients and their families with clarity and compassion throughout their treatment journey. He is fluent in English and Hindi, allowing him to build strong connections with a diverse patient community. In addition to his clinical expertise, Dr. Barpha actively engages in research and academic discussions, contributing to the advancement of hepatology and transplant medicine. He also participates in national and international medical forums to stay updated on the latest developments in liver care.

Through his dedication, knowledge, and compassionate approach, Dr. Amit Singh Barpha continues to play a pivotal role in improving outcomes for patients with liver diseases and those undergoing liver

transplantation.
