Overview

Dr Biju S Pillai is a highly skilled and experienced Urologist practicing at Apollo Adlux Hospital in Kochi, with 13 years of specialized expertise in urinary tract and genito-urinary surgery. Holding qualifications such as MBBS, MS (General Surgery), and DNB (Genito-Urinary Surgery), he has undergone rigorous training encompassing renal transplant surgery, general urology, reconstructive surgeries, AV fistula surgeries, endo-urology, and laparoscopic procedures. His commitment to excellence is backed by his tenure as an Assistant Professor in surgery and over 11 years of clinical service including residency and consultant roles.

At the Apollo Adlux Hospital, he provides comprehensive urological care-from diagnosis to surgical management-addressing conditions such as kidney stones, urinary tract infections, prostate disease, and complex reconstructive challenges. Dr Pillai speaks fluently in English, Hindi, Gujarati, and Malayalam, facilitating clear communication and personalized care for a diverse patient base. His approach emphasizes state-of-the-art surgical techniques combined with empathetic patient education and follow-up, aiming for optimum outcomes and quality of life improvements for his patients. As a dedicated urologist, Dr Pillai continually updates his knowledge with advances in minimally invasive surgery, robotic-assisted interventions, and renal transplantation protocols, making him a trusted expert in urology at Apollo Adlux Hospital Kochi.
