## Overview

Dr Mishall Prasannan is an emerging Neurosurgeon at Apollo Adlux Hospital, Kochi, with 1 year of clinical experience. He holds degrees including MBBS, MS (General Surgery), and MCh in Neurosurgery, equipping him with the skills to perform intricate brain and spinal surgeries. He manages neurological disorders including tumors, trauma, and degenerative diseases. Available Sunday to Saturday, Dr Mishall provides personalized neurosurgical evaluations, minimally invasive procedures, and postoperative care. Neurosurgery requires precision, multidisciplinary teamwork, and ongoing patient monitoring, which he delivers with dedication. Fluent in English, Tamil, and Malayalam, he focuses on improving patient neurological outcomes and quality of life through compassionate care and continuous professional development.
