Overview

Dr. S Srinivasa Reddy is a highly accomplished and experienced interventional cardiologist with extensive expertise in managing complex cardiac conditions. He has served as an Ex-Consultant Cardiologist at Yashoda Hospital, Malakpet, and as a Senior Consultant Cardiologist at Global/Glenagles Hospitals, L.B. Nagar. He also held the position of Assistant Professor in Cardiology at the prestigious Nizam Institute of Medical Sciences (NIMS), Hyderabad. A Fellow of the American College of Cardiology (FACC, USA) and the Society for Cardiac Angiography and Interventions (FSCAI), Dr. [Name] is an active member of the Cardiology Society of India (CSI) and has participated in numerous national and international cardiology conferences. His areas of special interest include complex coronary interventions such as LMCA, bifurcation, and post-CABG graft stenting, as well as pacemaker implantation for heart failure and complete heart block, transcatheter aortic valve replacement (TAVR), peripheral vascular interventions, and device closure procedures for congenital heart diseases like ASD and PDA. He also has a keen interest in neuro-cardiology interventions, including PFO closure and carotid stenting. With a rich academic and clinical background, Dr. S Srinivasa Reddy continues to contribute significantly to the advancement of interventional cardiology in India.
