Overview

Dr. Mohamad Ali is a skilled Urologist at Apollo Hospitals, Pune, with over 1 year of experience in managing a wide range of urological conditions. He holds an MBBS, MS, MCh in Urology, and has completed a Fellow Observer program in Robotic Uro-Oncology, reflecting his specialized training in minimally invasive and advanced urological procedures. His practice focuses on surgical and non-surgical management of urological disorders, including robotic-assisted surgeries for urological cancers.

Fluent in English, Hindi, Marathi, and Tamil, Dr. Ali emphasizes clear communication with patients and their families, ensuring they understand their condition, treatment options, and post-procedure care. His patient-centered approach combines technical expertise with empathy, helping patients feel informed and supported throughout their treatment journey.

At Apollo, Dr. Ali utilizes state-of-the-art technology and evidence-based protocols to provide precise and effective urological care. Known for his dedication, collaborative approach, and attention to detail, he works closely with multidisciplinary teams to achieve optimal outcomes. Dr. Mohamad Ali is recognized as a promising urologist in Pune, committed to delivering high-quality care and advancing patient well-being.
