Overview

Dr. Chetan Mhaske is a highly skilled and accomplished **General, Laparoscopic, Robotic, and Colorectal Surgeon** at Apollo Hospitals, Pune, with over **17 years of extensive surgical experience**. He holds an **MBBS, MS in General Surgery**, and a **Fellowship in Advanced Robotic Surgery**, reflecting his strong expertise in **minimally invasive and precision-driven surgical techniques**.

Dr. Mhaske's clinical expertise spans a wide spectrum of surgical disciplines, including **complex gastrointestinal, colorectal, and general surgical procedures**, with a focus on **robotic-assisted and laparoscopic surgeries** that ensure minimal pain, faster recovery, and superior clinical outcomes. His advanced proficiency in **robotic and keyhole surgeries** allows patients to experience the benefits of reduced scarring, shorter hospital stays, and enhanced safety.

Fluent in **English, Hindi, and Marathi**, Dr. Mhaske places great importance on **clear and compassionate communication**, ensuring patients and their families are well-informed and reassured throughout every stage of treatment. His **patient-centric philosophy** emphasizes individualized surgical planning, evidence-based decision-making, and meticulous post-operative care.

At Apollo Hospitals, Pune, Dr. Mhaske integrates **state-of-the-art robotic systems** with **multidisciplinary clinical collaboration** to deliver comprehensive and personalized care. Renowned for his dedication,

surgical precision, and innovative approach, **Dr. Chetan Mhaske** stands as one of Pune's most trusted surgeons, committed to advancing modern surgery through **innovation, compassion, and excellence**.
