Overview

Dr. Aamer Iqbal is a dedicated Pediatric Surgeon at Apollo Hospitals, Pune, with 13 years of experience in managing a wide spectrum of surgical conditions affecting newborns, infants, children, and adolescents. He is trained in MBBS and DNB Pediatric Surgery, and his clinical expertise includes congenital anomalies, neonatal surgical care, abdominal and thoracic conditions, pediatric emergencies, and minimally invasive procedures.

Dr. Iqbal follows a thorough and evidence based approach, ensuring each child receives accurate diagnosis, timely intervention, and care tailored to their age and condition. He is known for his calm, reassuring communication style and his ability to help parents understand the nature of their child's illness, available treatment options, and expected outcomes. His patient centric philosophy focuses on safety, comfort, and long term well being, with an emphasis on reducing surgical stress and promoting faster recovery.

Dr. Aamer Iqbal works closely with pediatricians, anesthesiologists, and critical care teams to ensure comprehensive care at every stage, from preoperative evaluation to postoperative support. Fluent in Hindi and English, he is able to connect effectively with families from diverse backgrounds and provide guidance in a clear and compassionate manner. With a commitment to high standards of pediatric surgical care and

continuous learning, Dr. Iqbal strives to offer treatment that is both advanced and empathetic, helping young patients and their families navigate their health journey with confidence and trust.
