Overview

Dr. Harsha Jain is an accomplished Pulmonologist at Apollo Hospitals, Pune, with 11 years of experience in managing a wide range of respiratory and critical care conditions. She holds an MBBS, MD in Respiratory Medicine, and DM in Pulmonary Medicine and Critical Care Medicine, reflecting advanced training in both outpatient and intensive care respiratory management. Dr. Jain provides comprehensive evaluation and treatment for asthma, COPD, interstitial lung disease, pneumonia, sleep related breathing disorders, tuberculosis, and complex respiratory emergencies. She is skilled in performing bronchoscopy, pulmonary function testing, and other specialised procedures that support accurate diagnosis and effective treatment planning. Known for her calm, thorough, and patient friendly communication style, Dr. Jain takes time to explain respiratory conditions in clear language, helping patients understand their illness, treatment choices, and long term care needs. Her approach emphasises early detection, evidence based therapy, preventive lung health, and personalised management strategies aimed at improving breathing comfort and overall quality of life. Fluent in Hindi and English, she connects well with patients from diverse backgrounds and creates a supportive environment throughout their care journey. With her clinical expertise and commitment to patient centred care, Dr. Harsha Jain strives to deliver safe, ethical, and high quality pulmonology services tailored to individual needs.
