## Overview

Dr. Sameer Desai is a highly experienced Pediatric Orthopaedic Specialist at Apollo Hospitals, Pune, with 26 years of dedicated expertise in treating bone, joint, and musculoskeletal conditions in children. He holds an MS in Orthopaedics and has developed strong proficiency in managing congenital deformities, developmental disorders, limb abnormalities, fractures, sports injuries, and growth related orthopaedic concerns. Dr. Desai focuses on accurate diagnosis and evidence based treatment, offering both non surgical and surgical solutions tailored to the unique needs of growing children. He is known for his gentle approach, clear communication, and ability to guide parents through treatment plans with reassurance and transparency. His patient centred philosophy emphasises safety, early intervention, and long term functional outcomes to support healthy growth and mobility. Dr. Desai works closely with multidisciplinary teams when required, ensuring comprehensive care for young patients with complex needs. Fluent in Hindi and English, he communicates comfortably with families from diverse backgrounds, helping them understand their child's condition and the steps involved in recovery. With more than two decades of specialised pediatric orthopaedic practice, Dr. Sameer Desai is committed to delivering ethical, compassionate, and high quality care that helps children regain comfort, movement, and confidence as they grow.
