Overview

Dr. Sujit Kadrekar is an experienced Orthopaedic Specialist at Apollo Hospitals, Pune, with 16 years of clinical expertise in diagnosing and treating a wide range of musculoskeletal conditions. He holds an MBBS and DNB in Orthopedics, reflecting strong training in both conservative and surgical management of bone and joint disorders. Dr. Kadrekar manages fractures, arthritis, ligament and tendon injuries, spine related concerns, and trauma cases, offering personalised treatment plans aimed at restoring mobility, reducing pain, and improving long term function. He is known for his systematic evaluations, evidence based approach, and clear communication, ensuring patients understand their condition and the rationale behind each recommended treatment. Dr. Kadrekar follows a patient centred philosophy that focuses on safety, functional recovery, and long term well being, often combining medical therapy, physiotherapy guidance, and surgical options when required. His calm and empathetic manner helps patients feel comfortable and supported throughout their care journey. Fluent in Hindi and English, he engages effectively with individuals from diverse backgrounds and explains medical information in simple, easy to understand terms. With his experience, clinical skill, and commitment to ethical orthopaedic practice, Dr. Sujit Kadrekar strives to deliver high quality care that helps patients return to daily activities with improved strength, comfort, and confidence.
