Overview

Dr. Swapna Kunduru, MBBS, MD (DVL), is a highly experienced dermatologist, trichologist, and cosmetologist with over 14 years of clinical practice. She is proficient in English, Hindi, and Telugu and has received advanced cosmetology training in the UK. Dr. Swapna specializes in a wide range of services including laser hair removal, laser scar removal and skin rejuvenation, pigment removal lasers, HIFU, PRP/GFC/Exosomes, advanced chemical peels, Botox, Profhilo and skin boosters, radio frequency cauterity, cryotherapy, skin biopsy, patch testing, phototherapy, biologics, dermatosurgery, and comprehensive clinical dermatology covering conditions like psoriasis, eczema, acne, hyperpigmentation, hair loss, and pediatric dermatoses.

She completed her MD in Dermatology and Venereology from Mamatha Medical College, NTR University (2012) and her MBBS from Kakatiya Medical College, NTR University. Dr. Swapna has undertaken specialized training programs in the UK, including platelet-rich plasma therapy, chemical peels, dermaroller procedures, Botox and fillers, advanced laser hair removal, and recent certifications in dermatosurgery and Q-Switch laser.

Dr. Swapna has held senior clinical positions at Care Hospitals, Hitech City (2025–2026) as Senior Consultant Dermatologist and Cosmetologist, Continental Hospitals (2014–2025), and Himagiri Hospitals (2013–2014). She has received recognition for her academic contributions, including the Best Paper Presentation award for “Hand Eczema and Patch Testing” at IADVL Cuticon – AP (2010) and first prize in a dermatology quiz at Regional CME, Khammam (2012).

She has actively contributed to research and academic forums, presenting her thesis on “Clinico-Etiological Study of Foot Eczema”, multiple papers and posters at IADVL Cuticon, and publishing work such as “Papillon Lefevre Syndrome with Pseudoainhum” in the Indian Dermatology Online Journal (2010).

Dr. Swapna is a registered and certified professional with IADVL (TS/LM/10396), GMC UK (6066696), and IMC (47541), reflecting her commitment to high standards in clinical practice and dermatologic care.
