## Overview

Dr. Nitish Bhan is a highly skilled Senior Consultant Orthopaedic Surgeon with 18 years of experience, currently practicing at Yashoda Hospitals, Hitec City. He is an expert in orthopaedic surgery, minimally invasive joint replacement, trauma management, sports medicine, and complex reconstructive procedures. Dr. Bhan completed his MBBS, DNB in Orthopaedics, M.Ch Orthopaedic Surgery from the University of Seychelles American Institute of Medicine (USAIM), and holds MNAMS (Delhi). He has undergone advanced fellowship training in Singapore and Chongqing with specialized expertise in Direct Anterior Approach (DAA) minimally invasive hip replacement, arthroscopic and minimally assisted knee and hip replacements, and revision joint surgeries.

Dr. Bhan is recognized as a pioneer in DAA hip replacement and tatable-less minimally invasive replacements, and has extensive experience in complex trauma surgery, lower limb reconstruction, pelvic-acetabular trauma, paediatric orthopaedic trauma, joint arthroscopies, ligament reconstruction, and orthopaedic oncology. He has also contributed to training students and young surgeons in advanced hip and knee arthroplasty techniques.

Over his career, Dr. Bhan has served in several prestigious positions including Consultant Orthopaedic Surgeon at Continental Hospitals, Assistant Professor at MIMS and Deccan Medical College, and Registrar roles at multiple Hyderabad hospitals. He has received certifications and specialized training in AO Trauma fracture fixation, Zimmer primary and revision hip arthroplasty, and advanced knee arthroscopy and sports medicine.

Dr. Nitish Bhan is a member of leading professional bodies including the Indian Orthopaedic Association (IOA), State/City Orthopaedic Associations, and the National Academy of Medical Sciences (MNAMS). He is fluent in Hindi, English, Telugu, Punjabi, and Urdu, with basic knowledge of Arabic, Somali, and Bengali, and is widely recognized for combining innovative surgical techniques with patient-centered care, making him a trusted expert in orthopaedics and joint replacement.
